35 YEARS OF PHILATELY

A passion, that for philately, born when I was six years old, but the commercial activity started 35 five years ago when I opened my “Studio filatelico Paolo Vaccari” with my wife Renata. It was the 4 February 1977. It seems yesterday to me! Little by little everything developed: more and more exhibitions, auctions, awards, the cooperation of our daughters Valeria and Silvia, the specialized publishing. When I think back to the time passed, I would do everything again; maybe I would begin ten or fifteen years before...

Paolo Vaccari in his study just opened,
the covers of the first catalogue (1977) and of the first public auction (1981)
his family in 1998
