

VACCARI AUCTION 80 14 April 2012

CHARITY INITIATIVE

www.ant.it

“You can’t get very far
until you start doing something
for somebody else.”

Melvin Jones (1879-1961)

For some years, Vaccari auctions have presented its guests with the opportunity to donate to a “cause”. In fact, proceeds collected from the sale of a previously selected lot go entirely to a charity, which varies every year, and Vaccari srl adds a sum equal to the price realised at the auction.

For the auction of 14 April 2012, 2 lots have been chosen among the classics of Italian philately: one “Crocetta” and one “Gronchi rosa”. The return, doubled by Vaccari, is assigned to Fondazione ANT Italia Onlus.

To ANT a cheque of 5,500 euro

Public auction: both charity lots sold the Nineteenth century “Crocetta” and one “Gronchi rosa”

The Nineteenth century “Crocetta” (lot no.204) has passed from 600 to 1,900 euro, knocked down to a buyer who was not in the auction room; “Gronchi rosa” (lot no.674) has risen from 200 to 850, with more bidders fighting for it. This is the result for the two lots sold at Vaccari auction destined to help Foundation Ant Italia onlus. And the company doubles the return, so that the cheque passes from 2,750 euro to 5,500 euro.

The second lot will have a further story. It has been bought by the President of the Club della filatelia d’oro italiana, Angelo Teruzzi. The association is going to organize a meeting in Martinengo (Bergamo - Italy) from 21 to 23 September and the precious postage stamp will be given as a present to one visitor whose name will be drawn. “Anybody will have the chance to win such a wonderful item”, Teruzzi has said.

As a representative of the Foundation ANT, the President of the Delegation of Vignola District, Carlo Camatti, was pleasantly surprised by a world, that of philately, he didn’t know. Ant Italia was born in Bologna in 1978 thanks to professor Franco Pannuti, in order to offer free social-health assistance at home to tumour sufferers. Thanks to donations and to the voluntary activity, the Foundation can offer projects for cancer prevention for free.
