

The “Philatelic Bookshop” no.31

www.PhilatelicBookshop.com

thousands of titles
from all over the world

the catalogue specialized in philately and collecting
all the books published by Vaccari
and all those available by Vaccari

The reorganization of the editorial catalogue continues in order to offer a more and more updated service, in line with the times and meeting to the best all readers' requests.

Unaltered are the anchorages of Vaccari Bookshops, with those features that made them a reference point for collecting, not only in the philatelic field. Thousands are the titles from all over the world, presented in a clear and, in the meantime, exhaustive way, thanks to the wide profiles with detailed descriptions, introductions, indices and anything that may be helpful to choose a volume.

The “**Philatelic Bookshop**” no.31 offers a weighty selection of titles from all over the world on collecting, postal history, air mail, maritime and military, Italy and foreign countries, catalogues, handbooks and dictionaries, new publications and the new editions of catalogues. More information and the link to the review published in our daily web magazine “Vaccari news - philately in real time” are shown in the site for every title. To check new additions, just select “**new books**”.

Among new books “Proofs, essays and reprints of the II and III issues of the Kingdom of Sardinia. A study and catalogue” by Paolo Cardillo, with English translation. The work has been awarded the “Reserve Grand and Gold” medal with felicitations of the Jury at the “Aps stampshow” Literature International Exhibition, a praise to the deep research, to the introduction of material never published before, to the detailed cataloguing with high quality illustrative tables. Some pages can be found in the free site <http://issuu.com/vaccaristamps>.

The “1x1” sale and the “History Bookshop” are no more in the hardcopy catalogue; nevertheless, full-bodied and particularly interesting in the site.

The “1x1” sale section, with second hand, new, ancient and rare books, magazines, catalogues, special offers and low prices, just for its intrinsic characteristic, is regularly updated on-line and in most cases one copy only is available per title. We therefore suggest to visit it frequently.

The “**History Bookshop**”, specialized in history and military history, aviation, navy, uniforms, weapons and tanks, is a showcase of contemporary history with several volumes which are difficult to be found in bookshops. It is particularly appreciated not only by historians but by philatelists too, who can deepen the topics according to their passions. Many titles are proposed at reduced prices, some of them until stocks last.

New additions are to be found in “new books”.

As a matter of fact the **site** only represents an extremely flexible instrument for both sections.

Special offers, season sales, discounts and all year long interesting proposals can be found in the site only.

“**Gift books**” are a pleasant thought, a reward on purchases from Vaccari Bookshops, divided by classes that can be matched to one’s liking. Always keep in mind to select your gift book at the end of the order and you will get it free.

The institutional site is the main showcase for products, but our **Facebook** page www.facebook.com/VaccariFilatelia gives you the possibility to see our events, the photographs of our activities, some collections exhibited, and much more. Furthermore you can click “I like it” or subscribe our mailing list, and you will be the first to know updates and special offers.

Two are the anniversaries celebrated this year: 25 years of the six-monthly “Vaccari Magazine” and 10 years of the daily web magazine “Vaccari news”.

“**Vaccari Magazine**” is proud to celebrate its 25 year publishing, with issue no.50 of November at Veronafil; in fact the first one dates back to the Spring of 1989! It has been published ever since, presenting articles and columns about postal history and traditional philately, but “topical” too, thanks to the collaboration of lovers, scholars and journalists, experts of this field.

Many thanks to everybody, readers, collaborators and sponsors, who did and still trust us, allowing us to carry on this fine experience so to make a new start out of these 25 years.

A special gift will be given to all subscribers together with issue no.50 of the magazine: the new analytical index printed with all the articles published from no.1/1989 to no.50/2013 (divided by subject, author and magazine), a bibliographic instrument that has been extremely appreciated by all scholars and collectors. The index will be available in Issuu.

Thanks to “**Vaccari news**” philately has been arriving in real time for 10 years, completely free; with near 11.000 news.

It is the first newspaper of this field to publish news from the world of mail and philatelic collecting, every day since 2003. Copious are the topics dealt with: all the issues of Italy, San Marino, Vatican and Smom, news from Italy and abroad, events, exhibitions, conferences and meetings, book, catalogue and magazine reviews, anniversaries and celebrations, curious, particular and involving news.

Reading the news more easily, always free, is possible now thanks to the new **App**.
