FOREWORD

The LIVE auction experience, novelty introduced last year, has turned out very positive and appreciated by collectors, who had the opportunity to bid from their computers during the course of the public auction as if they were present in the auction room. The same chance will be given for this auction sale of philately and postal history, displayed in catalogue no.95; all it takes is a fast internet connection and to subscribe **within Friday 5 April at 5:00 p.m. local time**, deadline also to register mail bids and to apply for telephone bids (by mail, fax, e-mail and internet). Those who wish to participate in the public auction by Vaccari seat shall be welcome on Saturday 6 April from 10:00 a.m. local time. You can find, however, the various ways of participating in the terms of sale that we suggest to read carefully.

I always repeat two points which are important to decide one's own bid:

- at Vaccari auctions **no commission is applied to buyers' return prices (generally 20/22%)**;
- the lots with my initials or signature, regardless of whether they come with or without an expert certificate, are absolutely guaranteed with reference to their description and, **among them, those with a value higher than 500.00 euro come with a Vaccari S.r.l. certificate of guarantee free of charge.**

Descriptions (some of them also in English in the site) have been made with the greatest care and many details but **reproductions** (numerous in the hardcopy version of the catalogue, but all of them in **our web-site** www.vaccari.it, only some bulky ones excluded) are integral part of them.

Those who would like to see our lots in person can come and visit us by our stand **on Friday 22 and on Saturday 23 March at Milanofil** (bulky lots in album or box excluded, except for numbers 782, 1202, 1205, 1272 and 1276); from Wednesday 3 April by our seat (3-5 April upon appointment - on the 6th from 8:15 a.m. local time).

Directly from our site, you can send your bids, see (once the auction is over) the list of auction returns and possible lots unsold and available at the starting price until 7 May. In addition, specific researches can be easily made, as per the version to be browsed in the free site **Issuu** <http://issuu.com/vaccaristamps>.

I suggest to check the whole catalogue, that presents 1,286 lots of Italy and foreign countries, from preadhesive up to present days, with particular attention to the sections we have been concerned with for years and that reflect our specialisation. A great deal should be highlighted, and I am sure that collectors will appreciate what they can find in this catalogue; there are so many lots of undoubted interest from a philatelic and postal historical point of view.

I just point out those selected for the hardcopy cover: for Modena, one letter from Reggio to Lugano of 2 June 1852 with the cent.15 yellow on the second day of issue of Este postage stamps, the only one known with this franking sent to Switzerland (112); for Naples, one letter from Medicina to Bologna of 9 March 1862 with 2 grana of Naples Provinces, rare type outside the former Kingdom of Naples for the rate of 10 centimes and use in postal fraud (193); for the Kingdom of Vittorio Emanuele III, one registered letter from Bologna to Modena of 11 June 1929 with the cent.25 Imperial green and a strip of four of the rare 1,75 lire brown with effigy of the king perforated 13 and 3/4 (580). Also the sector devoted to "Lots and collections" is full of surprises, for those who will have the opportunity to view it! For example, lot 1276 comes out, being an exceptional group of Sardinia with 519 postage stamps and 114 letters.

Well represented is the section devoted to Air mail, Zeppelin and Space. Peculiar and interesting from both a collecting and a historical point of view are the posters and leaflets of aircraft enterprises, and, in general, the whole sector shows items that will attract connoisseurs. On the cover, lot 880, an envelope relevant to the Atlantic Air Cruise (seaplane "Santa Maria II" - Francesco de Pinedo) franked with the cent.60 overprinted in red "Air Mail De Pinedo 1927" commemorative of the flight. In Space, China covers, flown and not, are present again.

Some lots will be pointed out in our daily newspaper **Vaccari news** www.vaccarinews.it and in our social pages, such as **Facebook** www.facebook.com/VaccariFilatelia, www.facebook.com/VaccariShop, Twitter and Instagram.

To receive our periodical communications and our free catalogues, fill in the form "**Catalogue request**", that you can find in our site home page.

If you wish to be always informed about all the updates, the news, but also about the special offers and discounts in the site only, register for "**Mailing list**" (up right) or click "Mi piace" in our **Facebook** page (www.facebook.com/VaccariFilatelia).

Enjoy yourselves!
